Jennie Cummings-Knight on how FlyingStart has helped:

'FlyingStart gave me that little bit of extra impetus to get things moving and start working for myself. Advice on building a website and networking has been useful, as has access to a mentor.'

About the FlyingStart Programme

This 12-month business start-up programme for new entrepreneurs is delivered by the NCGE and supported by the UK Government's Department for Business, Innovation and Skills (BIS). An intensive three-day residential training course is followed by 12 months' specialist mentoring and support. The aim is to have 60% of all graduates trading within one year. FlyingStart ensures all new graduate businesses have a ready-made national and regional network, a dedicated mentor, appreciate the 'know-hows and know-whos' of practical business, and understand how to make money.
